

CURRENT LIST of MEDICAL LITERATURE

Vol. 10

March 1, 1946

No. 9

SUBJECT GROUPS ACCORDING TO JOURNALS

- | | |
|--------------------------------------|---|
| 1. Anatomy; Histology | * 26. Infectious Diseases; Epidemiology |
| * 2. Anthropology; Ethnology | * 27. Medicine |
| 3. Archeology; Paleontology | 28. Metabolism |
| * 4. Aviation Medicine | * 29. Military and Naval Medicine |
| 5. Bacteriology; Parasitology | 30. Miscellaneous |
| * 6. Biology; Embryology | 31. Neurology; Psychiatry |
| 7. Bone; Joint; Extremities; Muscle | 32. Nursing |
| * 8. Cancerology | 33. Ophthalmology |
| * 9. Cardiovascular System | 34. Otorhinolaryngology; Phoniatry |
| * 10. Chemistry; Physics | 35. Pathology |
| * 11. Dentistry; Stomatology | 36. Pediatrics; Child Welfare |
| * 12. Dermatology | 37. Pharmacology; Pharmacy |
| 13. Diagnosis; Clinical Methods | 38. Physiology |
| * 14. Dietetics; Foods; Nutrition | 39. Psychology; Mental Hygiene |
| * 15. Digestive System | * 40. Public Health; Sanitation |
| * 16. Endocrinology | * 41. Radiology; Phototherapy |
| * 17. Forensic Medicine; Toxicology | 42. Respiratory System |
| * 18. Genetics; Eugenics | * 43. Surgery; Traumatology |
| * 19. Gynecology; Obstetrics | 44. Therapeutics |
| 20. Hematology | 45. Tropical Medicine |
| 21. History; Biography; Bibliography | 46. Tuberculosis |
| * 22. Homeopathy; Osteopathy, etc. | 47. Urology |
| * 23. Hospitals | 48. Venereal Diseases; Sexology |
| * 24. Immunology; Serology | 49. Veterinary Medicine |
| * 25. Industrial Hygiene; Sociology | 50. Zoology |

2. Anthropology; Ethnology

Man, Lond., 1945, 45: (Nov.-Dec.)

- NYESSEN, D.J.H. The Malay chin. 121.
 GEDDES, A. Creation, and the blessing of the curse upon fruitfulness; an anthropogeographical interpretation of Genesis I-III. 123-8.
 BAUER, F. The English; are they an older race? 128.

4. Aviation Medicine

J. Aviat. M., 1945, 16: (Dec.)

- SMEDAL, H.A. Carrier organization and operation. 364-9.
 KALEZ, M.M. & HOVDE, R.C. Pilots with repeated pilot-inaptitude accidents. 370-5.
 KIRSCH, R.E. A physiological study of aviators during combat flying. 376-84.
 STEWART, C.B., WARWICK, O.H., & BATEMAN, G.L. Acute otitic barotrauma resulting from low-pressure chamber tests. 385-408.
 HEMINGWAY, A., & GREEN, E.L. Airsickness during early flying training. 409-16.
 HEMINGWAY, A. Cardiovascular changes in motion sickness. 417-21.
 BAUM, W.S., MALMO, R.B., & SIEVERS, R.F. A comparative study of the effects of exercise and anoxia upon the human electrocardiogram. 422-8.
 RICKETTS, E.T., ADAMS, W.R. [et al.] The effects of mild anoxia on neuromuscular coordination in skilled investigators. 429-31.
 STUBENBORD, J.G., III. Neuropsychiatry as an integral part of aviation medicine. 432-41.

6. Biology; Embryology

J. Exp. zool., 1945, 100: (Dec.)

- WEISS, P. Experiments on cell and axon orientation in vitro; the role of colloidal exudates in tissue organization. 353-86.
 TYLER, A., & METZ, C.B. Natural heteroagglutinins in the serum of the spiny lobster, *Penulus interruptus*; taxonomic range of activity, electrophoretic and immunizing properties. 387-406.
 MORGAN, T.H. Normal and abnormal development of the eggs of *Ciona*. 407-16.
 RICHARDSON, D. Thyroid and pituitary hormones in relation to regeneration; regeneration of the hind leg of the newt, *Triturus viridescens*, with different combinations of thyroid and pituitary hormones. 417-29, incl. pl.
 BARRON, D.H. The role of the sensory fibers in the differentiation of the spinal cord in sheep. 431-43, incl. pl.

- PANKHAUSER, G. Maintenance of normal structure in heteroploid salamander larvae, through compensation of changes in cell size by adjustment of cell number and cell shape. 445-55.
 JAKUS, M.A. The structure and properties of the trichocysts of *Paramecium*. 457-85, incl. 5 pl.
 COLE, L.J. Effect of roentgen rays on bone growth in pigeons. 487-95.
 EMERSON, H.S. The development of late gastrula explants of *Rana pipiens* in salt solution. 497-521, pl.
 PAINTER, T.S. Nuclear phenomena associated with secretion in certain gland cells with special reference to the origin of cytoplasmic nucleic acid. 523-47, incl. 3 pl.
 WITSCHI, E. Quantitative studies on the seasonal development of the deferent ducts in passerine birds. 549-64.
 WRIGHT, P.A. Factors affecting in vitro ovulation in the frog. 565-75.
 CHILD, C.M. Further study of oxidation-reduction pattern in teleost development. 577-89.

Q. Rev. Biol., 1945, 20: (Dec.)

- SPERRY, R.W. The problem of central nervous reorganization after nerve regeneration and muscle transposition. 311-89.

8. Cancerology

Cancer Res., 1946, 6: (Feb.)

- KENNAWAY, E.L., & KENNAWAY, N.M. The social distribution of cancer of the sarotum and cancer of the penis. 49-53.
 DUNHAM, L.J., & BRUNSCWIG, A. Calcium and potassium content of secretions from noncancerous and cancerous stomachs. 54-6.
 DUBOFF, G., & HIRSHFELD, S. Demonstration of an enzyme-inhibiting factor in the serum of cancer patients; a preliminary study. 57-60.
 DUNNING, W.F., & CURTIS, M.R. The respective roles of longevity and genetic specificity in the occurrence of spontaneous tumors in the hybrids between two inbred lines of rats. 61-81.
 TWOMEY, C.L., & MEISEL, D. The growth of mammalian tumors in fertile eggs; is a filterable cancer virus produced? 82-91.

9. Cardiovascular System

Am. Heart J., 1946, 31: (Jan.)

- HUSSEY, H.H., KATZ, S., & YATER, W.M. The superior vena caval syndrome; report of thirty-five cases. 1-26.
 MEYERS, L., & POINDEXTER, C.A. A study of the prothrombin time in normal subjects and in patients with arteriosclerosis; a preliminary report. 27-32.
 PAZZANESSE, D., & BERTACCHI, S. Normal electrocardiograms in cardiovascular disease. 33-52.
 GARR, D.T., & ESSEX, H.E. Certain effects of positive pressure respiration on the circulatory and respiratory systems. 53-73.

PARSONNET, A.E., MILLER, R. [et al.]. Bigeminy; an electrocardiographic study of bigeminal rhythms. 74-92.

ZIMMERMAN, J.J., & MURGIN, B. Staphylococcus aureus septicaemia and pericarditis treated with penicillin. 93-7.

DATTE, R.A., & NATHAN, D.A. Electrocardiographic changes resulting from phosphorus poisoning; report of a case. 98-102.

MEDALIA, L.S., & DRAPIEWSKI, J.F. Congenital defect of the aortic vestibule complicated by bacterial endocarditis with perforation and death from cardiac tamponade; report of a case. 103-6.

Mod. Concepts Card. Dis., 1946, 15: No. 2.

WOLFFERTH, C.C. The clinical significance of precordial leads in the diagnosis of heart disease; II. 1

10. Chemistry; Physics

J. Biol. Chem., 1946, 162: (Jan.)

MEDES, G., FLOYD, N.F., & WEINHOUSE, S. Fatty acid metabolism; ketone bodies as intermediates of acetate oxidation in animal tissues. 1-9.

HARRIS, J.O. A study of the effect of growth substrate on the respiration of Azotobacter. 11-20.

DRILL, V.A., & RIGGS, D.S. Inhibition of alkaline serum phosphatase activity during liver disease. 21-5.

CHRISTENSEN, H.N. Analytical determination and some properties of several thyroid-inhibiting compounds and of substance related to them. 27-35.

PETERMANN, M.L. The effect of lecithins on human serum globulins. 37-42.

COOK, E.S., KREKE, C.W., et al. The action of phenylmercuric nitrate; effects on enzyme systems. 43-9.

COOK, E.S., PERISUTTI, G., & WALSH, SISTER THOMAS MARY. The action of phenylmercuric nitrate; sulphydryl antagonism of respiratory depression caused by phenylmercuric nitrate. 51-4.

GIRAL, J., GIRAL, F., & GIRAL, M.L. Fats of insects; composition of the fat of Melanoplus atlantis Riley. 55-9.

GIRAL, F. Fats of insects: Sphenarium purpurascens Charpentier. 61-3.

BAER, H., HOLDEN, M., & Seegal, B.C. The nature of the antibacterial agent from Anemone pulsatilla. 65-8.

GREENHUT, I.T., SCHWEIGERT, B.S., & ELVEHJEM, C.A. The amino acid requirements of Streptococcus faecalis and the use of this organism for the determination of threonine in natural products. 69-76.

HANDLER, P. Dietary factors in the regulation of liver lipid concentration. 77-85.

SARETT, H.P. The effect of riboflavin analogues upon the utilization of riboflavin and flavin adenine dinucleotide by Lactobacillus casei. 87-97.

STIMMEL, B.F. The fractionation and photometric estimation of the estrogens in human pregnancy urine. 99-109.

ENTENMAN, C., CHAIKOFF, I.L., & FRIEDLANDER, H.D. The influence of ingested choline upon choline-containing and non-choline-containing phospholipids of the liver as measured by radioactive phosphorus. 111-6.

JACK, E.L., HENDERSON, J.L., & HINSHAW, E.B. The distribution pattern of fatty acids in glycerides of milk fat. 119-28.

VISSCHER, F.E. Storage of hendecanoic acid in the white rat. 129-32.

SHANK, R.E., & HOAGLAND, C.L. A modified method for the quantitative determination of the thymol turbidity reaction of serum. 133-8.

SURE, B. Studies on phosphatase-containing enzyme products for hydrolysis of coenzyme B in brewers' type yeasts and wheat embryo at various hydrogen ion concentrations. 139-47.

TORDA, C., & WOLFF, H.G. Effect of inhibition of glycolysis and compounds related to glycolysis on acetylcholine synthesis. 149-54.

TIDWELL, H.G., & TREADWELL, C.H. The effect of the preceding diet upon fasting ketonemia. 155-61.

LaPAGE, G.A., & CAMPBELL, E. Preparation of streptomycin. 163-71.

J. Chem. Soc., Lond., 1945 (Dec.)

KAHN, H.J., & PETROW, V.A. Some pyridyl analogues of triphenylmethane. 858-61.

COOK, A.H., & HEILBRON, I.K. [et al.] Some sulphanilamidophenyl cyanides and related compounds. 861-5.

HINKEL, L.E., & TREHARNE, G.J. Studies on hydrogen cyanide; the action of hydrogen chloride on methyl cyanide. 866.

CLEMO, G.R., & SWAN, G.A. Some derivatives of 3-aminoquinoline. 867-70.

HENRY, A.J. The bromination of 4:4'-diamidino-stilbene. 870-3.

PERCIVAL, E.E., & PERCIVAL, E.G.V. Carbohydrate phosphoric esters; the alkaline hydrolysis of α -methylglucopyranoside-6-phosphate, methylglucofuranoside-3-phosphates, isopropylidene glucofuranoside-3- and -6-phosphates. 874-6.

BOURNE, E.J., & FEAT, S. The enzymic synthesis and degradation of starch; the synthesis of amylopectin. 877-82.

BOURNE, E.J., & MACET, A., & FEAT, S. The enzymic synthesis and degradation of starch; the amylolytic function of the β -enzyme of the potato. 882-8.

SABOOR, M.A. The mechanism of condensation of the anhydrides of mono- and di-substituted succinic acids with aromatic hydrocarbons under the conditions of the Friedel-Crafts reaction. 922-5.

GIBBS, E.M., & ROBINSON, F.A. Sulphur derivatives of thiazoles. 925-7.

PICKHOLZ, S. Note on the purification and resolution of di-adrenaline. 928.

CHAPMAN, N.B., McCOMBIE, H., & SAUNDERS, B.C. The synthesis of cardiazole (pentamethylenetetrazole) by the action of hydrazoic acid on cyclohexanone. 929.

GOULDEN, F., & KON, G.A.R. The preparation of 2-amino-7-hydroxyfluorene. 930.

J. Phys. Chem., 1946, 50: (Jan.)

VOLD, R.D., & PHILLIPSON, J.M. The behavior of sodium stearate with cetane and water. 39-53.

GREGOR, H.P., & SOLLNER, K. Improved methods of preparation of permselective collodion membranes combining extreme ionic selectivity with high permeability. 53-70.

11. Dentistry; Stomatology

Angle Orthodont., 1945, 15: (Jan.-Apr.)

MASSLER, M. The lamina dura in roentgenographic interpretation; changes during tooth movement. 3-17.

THURLOW, R.C. The periodontal membrane in function. 18-29.

FISCHER, B. Recording the Frankfort-mandibular-plane angle using oriented mandibular radiogram and sectioned oriented cast. 30-6.

Ann.Dent., 1945, 4: (Dec.)

CAHN, L. Notes on diagnosis. 119-24.
BERNIER, J.L. Mixed tumors of the lip. 125-30.

BLUM, T. Fifty years of oral roentgenography; forty years of personal experience in retrospect. 131-7.

Brit.Dent.J., 1946, 80: (Jan. 18)

HARVEY, W., & FETCH, N.J. Acceleration of the setting of zinc oxide cements. 35-42.

CUTLER, R. Acrylic tooth-making technique for denture purposes. 42-51.

ZACHARY, G.M.B. Surgical extension of the buccal sulcus of the mandible. 51.

HITCHIN, A.D. Developmental cysts of the axilla. 53.

BROWN, O.F., & McMINN, R.S. The dental condition of West Indian recruits. 55.

Dent.Gaz., Lond., 1946, 12: (Jan.)

HITCHIN, A.D. Two unusual cases of salivary calculus. 222.

HITCHIN, A.D. Arhinolith revealed by dental x-ray films. 223.

HITCHIN, A.D. A case of hyperplasia of the gum. 223.

COVENTRY, A.I., & FRANCIS, W.J.L. Rehabilitation of the mouth. 225-7.

WILKINS, E.H. Teeth and the school doctor. 229-33.

Dent.Radiogr., 1945, 18: No. 1.

McCAULEY, H.B. Anatomic characteristics important in radiodontic interpretation. 1-4.

MAKING prints of good quality; checking darkroom equipment. 5.

Dent.Surv., 1945, 21: (Dec.)

BECKWITH, J.H. Diagnostic intra-oral radiographs. 2204-9.

MAERTZ, B.L. Preoperative and postoperative extraction technique. 2210.

STEVENS, F.W. Ring-bar support for posterior acrylic resin pontics. 2212-5.

JACKSON, J.A. Formation of the rugae. 2215.

BOURBONNAIS, W.A. Emergency repair for full upper acrylic resin denture. 2216.

LOZIER, M. Management of atypical oral fistula. 2217.

KAUFMAN, I. Accidentally acquired cleft palate. 2218.

FLETCHER, D.F.J. Occlusion ranks first in denture construction. 2219-24.

HANDELMAN, E.D. Improved gold-porcelain crown. 2225.

DEVOS, K. Infected incisive canal cyst. 2227.

GRAVES, C.W. Ionization or electrolytic medication in treatment of infected root canals. 2228.

SHARP needles main factor in curbing injection discomfort. 2234-7.

J. Am.Dent. Ass., 1946, 33: (Feb.)

THOMPSON, J.R. The rest position of the mandible and its significance to dental science. 151-60.

SCHWARTZ, C.W., & SCRIVENER, C.A. New observations on inhibitory and productive factors in dental caries. 180-91.

RAPP, G.W. The biochemistry of oral calculus the presence of carbonic anhydrase in human saliva. 191-4.

HENSCHKE, C.J. The development of thermal control. 194-200.

HAMPP, E.G. Morphologic alteration of small oral treponemes during aging of cultures; effect of age on viability of spirochetal cultures. 201-6.

THOMAS, B.O.A. Gerodontolgy; the study of changes in oral tissues associated with aging. 207-13.

SMITH, C.A.H. Hard tissue lesions of the mouth. 214-8.

PENILETON, E.C. Anatomy of the face and mouth from the standpoint of the denture practitioner. 219-34.

J.Periodont., 1946, 17: (Jan.)

GOTTLIEB, B. The new concept of periodontoclasia. 7-23.

RADUSCH, D.F. Nutrition and dental health; vitamin C. 27-33.

Northwest Dent., 1946, 25: (Jan.)

GREEN, M.L. Methods of ridge preservation in full-denture construction. 29-31.

MONTELIUS, G.A., & GRIFFITH, C.A. The importance of recognizing the beginning of malignant growth in the oral cavity. 32.

SHELMAN, J.F. Will the business side of dentistry displace the professional side? 34-6.

Penn Dent. J., 1946, 49: (Jan.)

- DREYER, L.D. Penicillin. 27.
URGEN, J.A. Leukoplakia. 27; passim.
SCHNADER, Y.E. The relation between partial dentures and the living tissues. 29-32.
DUNHAM, P.H. The action of fluorine in limiting dental caries. 32.
LEVINE, J. Enamel hypoplasia. 34.

12. Dermatology

Dermatologica, Basel, 1945, 91: No. 6.

- FRUHLING, L. & BONJEAN, M. Contribution à l'étude histopathologique de l'epidermodysplasie verruiforme de Lewandowsky-Lutz; a propos de deux cas personnels. 281-96.
POLANO, M.K. Marginalia zur dermatologischen Rezeptur. 297-309.
JUNON, M. Resultats cliniques obtenus avec l'acide pantothénique dans les maladies du cuir chevelu. 310-8.
JIROVEC, O., & Peter, R. Chemotherapie der Trichomonas vaginalis-Infektionen; Versuche an Trichomonaden in vitro. 319-40.

J. Invest. Derm., 1945, 6: (Dec.)

- DUNN, J.E., MASON, H.S., & SMITH, B.S. A new technique for performing quantitative contact (patch) skin tests. 323-36, incl. 2 pl.
BECKRELL, I.L.M. The simple puncture with a needle as an aid in the diagnosis of the hypochromic and achromic macules of leprosy. 337-43.
SULZBERGER, M.B., & BAER, R.L. Studies in hypersensitivity to light; a preliminary report. 345-8.
SACHS, W., & SCANNONE, F. So-called pustular psoriasis. 349-54.
SIGEL, H. Direct current combined with x-ray therapy; erythema studies; preliminary experiments. 355-63.

14. Dietetics; Foods; Nutrition

J. Am. Diet. Ass., 1946, 22: (Feb.)

- CO TUI. Some clinical aspects of protein nutrition. 97-109.
PERRY, M.E. Filling the special diet prescription; high protein diets. 110-3.
SURE, B. Biological value of food yeast proteins and their role as supplements to the proteins of the cereal grains. 114-6.
STREIGHTOFF, F., MUNSILL, H.K. [et al.] Effect of large-scale methods of preparation on vitamin content of food; potatoes. 117-27.
JUSTICE, C.L., MATTISON, M.L., & SCHUCK, C. Some factors influencing the food intake of preschool children. 128-33.
LAMB, M.W., & CORRINGTON, M.T. A further analysis of food selections of eighty families in Lubbock, Texas. 134-8.
VAN CLEFT, K. Food service in an UNRRA camp in Egypt. 141-8.

15. Digestive System

Am. J. Digest. Dis., 1946, 13: (Jan.)

- STREICHER, M.H. Management of chronic constipation. 1.
MUEISAM, E. Modern concept of congenital megacolon (Hirschsprung's disease). 3-9.
TURNBULL, J.A. Some dermatologic aspects of allergy. 9-14.
GALAMBOS, A., & MITTELMANN-GALAMBOS, W. Diverticula of the colon versus gallstones. 14-7.
GOLOB, M. Gastric carcinoma; review of errors in diagnosis. 17-23.
EHRMANN, R. Clinical evaluation of the laboratory tests of the stomach. 23-5.
EHRMANN, R. Heredity an important factor for the early diagnosis of gastro-intestinal cancer. 25.

16. Endocrinology

J. Clin. Endocr., 1945, 5: (Dec.)

- GUTERMAN, H.S. Further observations on the value of the pregnandiol test for pregnancy. 407-11.
DOBES, W.L., JONES, J., & FRANKS, A.G. Testosterone propionate in treatment of senile pruritus. 412-8.
ENGELFRIED, J.J., HAWKINSON, G.E., & GALANDEY, V.F. The reliability of the Aschheim-Zondek test in pregnancy; a report of two thousand routine tests. 419-23.
ASTWOOD, E.B., & VANDERLAAN, W.P. Thiouracil derivatives of greater activity for the treatment of hyperthyroidism. 424-30.
ZONDEK, H. Some observations on the question of hypoparathyroidism of diencephalic origin. 431.

17. Forensic Medicine; Toxicology

J. Crim. Law, 1945, 36: (Nov.-Dec.)

- ELIASBERG, W. Opposing expert testimony. 231-42.
BERLIEN, I.C. Rehabilitation center; psychiatry and group therapy. 249-55.

18. Genetics; Eugenics

J. Genet. Cambr., 1946, 47: (Jan.)

- CATCHESIDE, D.G., LEA, D.E., & THODAY, J.M. Types of chromosome structural change induced by the irradiation of *Tradescantia* microspores. 113-36.
CATCHESIDE, D.G., LEA, D.E., & THODAY, J.M. The production of chromosome structural changes in *Tradescantia* microspores in relation to dosage, intensity and temperature. 137-49.

STEPHENS, S.G. The genetics of corky; the New World alleles and their possible role as an interspecific isolating mechanism. 150-61, pl.

DODDS, K.S., & PITTENDERIGH, C.S. Genetical and cytological studies of *Lysa*; certain aspects of polyploidy. 162-77.

HITCHING, J.B. The crinkled dwarf allelomorph series in the New World cottons. 178-207.

WHITEHOUSE, H.L.K., & BALDANE, J.B.S. Symmetrical and asymmetrical reduction in *Ascomyces*. 208-12.

SILCOX, R.A. Evidence on chromosome homology in the amphidiploid New World cottons. 213-21.

19. Gynecology; Obstetrics

Am. J. Obst., 1946, 51: (Jan.)

CORSCADEN, J.A., FERTIG, J.W., & GUSBERG, S.B. Carcinoma subsequent to the radiotherapeutic menopause. 1-12.

SEGLER, S.L. The value of physiologic substrates in sperm migration in selected cases of human infertility; observations on a series of 106 patients. 13-21.

FAHLUND, G.T.R., & BRODERS, A.C. Postmenopausal endome trium and its relation to adenocarcinoma of the corpus uteri; a study of 236 cases. 22-39.

MEYER, R. The anovulatory cycle and menstruation. 39-47.

SCOTT, W.A. Selective treatment of antepartum hemorrhage. 48-56.

STOWE, L.M. A histologic study of the effect of irradiation on adenocarcinoma of the endometrium. 57-66.

COSGROVE, S.A., & CHESLEY, L.C. The management and treatment of the late toxemias of pregnancy. 67-74.

WIESBADER, H., & FILLER, W. Oral therapy with ethinyl estradiol in the menopause. 75-81.

RESSELTINE, H.C. Pyridoxine failure in nausea and vomiting of pregnancy. 82-6.

LEFF, M. Sulfathiazole in the control of epidemic diarrhea of the newborn. 87-9.

CARRINGTON, G.L., HANNAH, M.A., & BRADFORD, C. Sulfanilamide and sulfathiazole absorption via rectum and vagina; further studies. 90-6.

LEATHEN, J.H., & RAKOFF, A.E. Are antihormones formed during pregnancy? 97-9.

BICKERS, W. Ethinyl estradiol in the treatment of metrorrhagia. 100-3.

KNIGHT, R.V.D. Puerperal sterilization. 104-8.

CIANFRANI, T., & ZEIGERMAN, J.H. Panhysterectomy without vaginal cleansing. 109-13.

STRAUSS, H., & BLUESTONE, S.S. Cesarean section on a poliomyelitic patient confined to a respirator. 114-20.

KILLINGER, R.R., & McSUEEN, H.B. Double uterus and double vagina; identical doubles demonstrated by colpohysterosalpingography. 121-4.

McCALL, M.L., & SCHUMANN, E.A. The subperitoneal Baldy-Webster uterine suspension. 125-9.

KOLODNY, S., & DeLEE, S.T. Aplastic anemia simulating ectopic gestation; report of a case. 130.

CLINE, A. Hydatidiform degeneration of placenta, complete with fetus. 132.

J. Obst. Gyn. Brit. Empire, 1945, 52: (Dec.)

CULINER, A. The relation of the theca-cells to disturbances of the menstrual cycle. 545-58, 8 pl.

BARNES, J., & BROWNE, F.J. Blood-pressure of relatives of patients with toxemia of late pregnancy. 559-69.

SHUTE, W., & SHUTE, E. The prevention of premature labour. 570-4.

FURDIE, A.W. Carcinoma corporis uteri in 2 sisters aged 34 and 32 years. 575-9, 4 pl.

THOMAS, F.C. Rupture of the rectus abdominis muscle during pregnancy. 580-3.

WILSON, A., & BARR, S.J. Myasthenia gravis and pregnancy. 584-8.

MACKENZIE, W.R. Notes on the treatment of vesicovaginal fistula. 589-91.

22. Homeopathy; Osteopathy, &c.

J. Am. Inst. Homeop., 1946, 39: (Feb.)

YOUNG, W.W. Treatment of the patient with syphilis. 35-45.

WILLIAMS, C.A. Thyroid insufficiency; some of the slight or minor manifestations. 49-51.

J. Nat. Proct. Ass., 1945-46, 18: (Nov.-Jan.)

CAVENESE, Z.M. The treatment of a type of pruritus by drainage operation. 22-5.

WELLS, H.O. Rectal reflexes and their relation to chronic diseases. 26-9.

H., W.A. Oral therapy for pruritus ani. 33.

PATCHEN, C.C. Pruritus and comments. 35-8.
